PUBLISHED WEEKLY AT  
BARTON, VERMONT.  
WALLACE H. GILPIN,  
EDITOR AND PUBLISHER.

Terms:—When Paid Strictly in Advance  
\$1.50 a Year.  
In seeking for a change of address, always  
state where your paper is now sent.

The Fourth is over, now for the  
Orleans county fair, to be held August  
20-23 at Roaring Brook park, Barton.

If one must die of over-drinking,  
how pleasant it must be to have the  
family physician call it "refined al-  
coholism!"

The Boston Traveler is preparing  
for its annual outing season for the  
poor children of Boston, and is asking  
for the names of families who will  
take one or more children for a few  
weeks this summer. We note by the  
prospectus that 17 families of this  
vicinity furnished such outing for one  
or more children last year. The cause  
is a worthy one.

A young girl in the spring of life  
and a man apparently in good health  
both took their lives on the same day  
within the small compass bounding  
Orleans county, and another girl, sister  
to the dead one, is in a critical  
condition from drinking carbolic acid.  
Such is the harvest. Both probably  
examples of blind pessimism, as the  
Montpelier Journal well says:  
"It seems to be a part of human na-  
ture to expect, without any particular  
reason, the worst, and sometimes it  
seems as though certain people almost  
hope for the worst. A great many  
tears have been shed over unopened  
telegrams which bore only messages  
of good cheer, a good many diphthe-  
ritic nights have been spent over sore  
throats brought on by eating straw-  
berries or something equally as trivial.  
Ambulances in disguise are always  
looming up on somebody's imaginary  
vision. The world is full enough of  
tragedy without manufacturing any  
needlessly, and if trouble is coming it  
is time enough to grapple with it  
when it makes its appearance. The  
old maxim "Never trouble trouble till  
trouble troubles you," is just as true  
as it ever was."

The Newport Express and Standard  
send up another howl of protest  
against the infractions of the fish laws  
in Orleans county, claiming that net  
caught fish are sold openly on the  
streets. In that county are some of  
the best lakes and ponds for fishing  
in the state, Memphremagog and Wil-  
loughby lakes, for instance, but no  
matter what the laws, if the citizens  
of the county are not in accord with  
them, they are of no account, and the  
efforts of the fish and game commis-  
sioners will come to naught.—Ver-  
geness Vermonter.

From a report among the vicinity  
items of this paper it will be seen that  
poaching has been common, but that  
the people are aroused to action. Or-  
leans county certainly has some of the  
best, if not the best, fishing in the  
state and it is up to her citizens to  
see that her lakes and ponds are  
made attractive for sportsmen and  
summer visitors. Visitors are more  
numerous this summer at all the re-  
sorts and lakes than in any year pre-  
vious, which only goes to show that  
we have the goods. We are still look-  
ing for a county brochure entitled,  
"Orleans County, Its Lakes, Moun-  
tains and Streams," illustrated with a  
few hundred good views of the many  
beauty spots of the county. Summer  
trade is coming to Vermont and the  
first on the spot get the business.

The MONITOR copies the following  
from the paper, "New England Tele-  
phone Notes," regarding Miss Myrtle  
Aldrich of West Burke. Every word  
of the following is true, and more.  
Miss Aldrich has for years acted as the  
MONITOR's West Burke correspondent  
and has done the work very efficiently,  
her typewritten copy being some of  
the best copy coming into this office.

The Northern division has what per-  
haps no other division in the com-  
pany's territory has got—a blind  
operator, doing the day work in an  
exchange of 130 subscribers, and doing  
it well. Her name is Myrtle Aldrich,  
and she has practical charge of the  
exchange in West Burke, Vt. It was  
with fear and trembling that she was  
allowed to try such an unheard-of  
task, but a very few days demon-  
strated her peculiar fitness for the  
position. It is safe to say that the  
company has no more faithful and  
efficient operator in its whole terri-  
tory than Miss Aldrich. She is ever  
prompt and courteous and as steady  
as the clock on the wall. Wonder is  
often expressed that she can handle  
the cords so nimbly and with such  
precision, but it is apparently no more  
difficult than striking harmonious  
chords on the piano or faultless proof  
from the typewriter, instruments with  
which she is equally familiar. In a  
country exchange like West Burke,  
toll calls are not very numerous, and  
these she records in New York point,  
which she afterwards reads by touch  
and copies on an ordinary typewriter,  
so the tickets may be read and com-  
pared by any one. Miss Aldrich is a  
graduate of Perkins Institute, and  
has shown marked ability in literature  
as well as in music.

The MONITOR also has another totally  
blind representative in the person of  
Chaplain M. W. Farman of Westfield,  
whose copy is another example of

neatness and accuracy. Both the  
above personages are intelligent, keen  
and active, quick at repartee, go  
about their home towns without as-  
sistance almost as well as their neigh-  
bors with eyes, and even travel the  
length and breadth of the state with  
apparent ease. Such is the aptness  
with which one trains their normal  
senses to take the place of any lost  
sense. The deeds of these two per-  
sons, wandering always in the night,  
are indeed wonderful and excite the  
admiration of onlookers, who, with  
every sense active, find this life cold,  
and the earning of daily bread a task  
almost beyond their ability.

## WHAT THE PAPERS SAY.

Criticize yourself and don't worry  
too much about your neighbor's  
affairs.—Waterbury Record.

The Messenger, having failed to  
persuade several Vermont contem-  
poraries that the president is justified  
in his pistol-toting, there is now noth-  
ing left for it to do but to persuade  
him to quit it. And of course, that  
will be easy.—St. Albans Messenger.

Hetty Green has given up her resi-  
dence at Bellows Falls because the  
assessors there wanted her to pay tax-  
es on some of her personal property.  
Winners by having a kitchen and  
bedroom rigged up in one of those  
little houses on wheels such as trav-  
eling photographers used to make use  
of while supplying the populace with  
tinypies?—Mirror and Farmer.

Elsewhere in this issue I have added  
a word of endorsement to an article  
from the Montpelier Journal as to the  
opportunities afforded Vermont to-  
day by the young men who are being  
raised within her borders. Stay at  
home, boys, and get busy. The state,  
the town, can and will do more for  
you than you can do for it. Sensible  
and intelligent farming offers the  
greatest and best possible rewards in  
health, cash and "that peace of mind  
which is greater than all." There is  
success to be won in many sane and  
simple lines of industry which will  
return more than a competence in  
taxable property, besides physical,  
mental and moral health in ways of  
peace and plenty. Boys, remember  
that at the last success is not the  
notoriety of fame and the accumula-  
tion of mere dollars. What shall a  
man gain if he wins the whole world,  
for which he has no use and which  
has no proper use for him? These  
truths come home to all of us at last,  
usually too late to be of use to us in  
the way of experience. Try to profit  
by the experience of others, and not  
be compelled to look back when too  
late and think of what might have  
been. These are indeed the saddest  
words of tongue or pen.—Hardwick  
Gazette.

I will mail you free, to prove merit, samples  
of my Dr. Shoop's Restorative, and my book  
on either Dyspepsia, The Heart or The Kid-  
neys. Troubles of the Stomach, Heart or  
Kidneys are merely symptoms of a deeper  
ailment. Don't make the common error of  
treating symptoms only. Symptom treat-  
ment is treating the result of your ailment,  
and not the cause. Weak stomach nerves—  
the inside nerves—mean stomach weakness,  
always. And the Heart and Kidneys as well,  
have their controlling or inside nerves.  
Weaken these nerves, and you inevitably  
have weak vital organs. Here is where Dr.  
Shoop's Restorative has made its fame. No  
other remedy even claims to treat the "inside  
nerves." Also for bringing biliousness, bad  
breath or complexion, use Dr. Shoop's Re-  
storative. Write a day for a sample and  
free book. Dr. Shoop's Restorative, which  
Restorative is sold by Kinney's Pharmacy,  
Barton Landing; F. D. Pierce, Barton.

## LETTERS FROM THE PEOPLE.

## An Answer to Officialism.

MR. EDITOR:  
When the voters of a town cut off  
the head of a man for second con-  
stable in his own town, why should  
not the high official cut the same  
man's head off? I should think it  
was perhaps a little out of place to  
say it was a dozen politicians who  
did it.

G. N. JENNESS.

Barton, Vt.

## Foy Drowned at Newport.

Samuel Moses, an eighteen-year-  
old Syrian boy, was drowned while  
swimming in Lake Memphremagog  
just above the Lane & Davis grist-  
mill in Newport last Monday after-  
noon. Moses came to this country a  
short time ago from Damascus and  
had never been in a body of fresh  
water. The lesser buoyancy of the  
water and its low temperature  
brought on cramps and rendered him  
helpless almost immediately after he  
went in and before he could be re-  
scued he went down in ten feet of  
water. The body was recovered soon  
after and taken to his home in West  
Derby. Moses was a pedlar.

## Arrested on Forgery Charge.

Elbridge A. Carpenter, of Lyndon-  
ville, a medical student at Tufts Col-  
lege, Medford, Mass., who has been  
residing with his wife at a hotel in  
that village since June 2, was arrest-  
ed Monday on a charge of forgery.  
In February, 1906, Carpenter pre-  
sented a note at the Merchants, Na-

tional Bank of St. Johnsbury, signed  
by himself and endorsed by A. T.  
Evans of St. Johnsbury Center and  
E. O. Graves of Lyndonville, for \$250  
and obtained money on it. Monday  
he presented another note, at the  
same bank, endorsed by the same  
persons whose names were attached  
to the first note, and, in addition, the  
name of Jennie Darling Folson,  
which he asked to be discounted.  
A comparison of the signatures show-  
ed that they did not agree and it was  
suggested that the endorsers be con-  
sulted, and the signatures verified.  
Carpenter then started with State's  
Attorney Guy W. Hill, but on the way  
confessed that the notes were  
forged. He was arrested and placed  
in Caledonia county jail. It is re-  
ported that he is wanted in Massachu-  
setts on a similar charge.

Fish Poachers at Caspian and Wil-  
loughby.

The people of the vicinity of both  
Caspian and Willoughby lakes are  
somewhat stirred up over abuses of  
the fish law and something is liable to  
drop at any time if the practices are  
continued, says report. At Caspian  
it is said the fishing has been largely  
spoiled for this season because of  
what the local people term "fish  
hogs." Several men have been  
caught red handed and one in par-  
ticular is said to have taken hundreds  
of pounds from the lake this season  
in this way. Commissioner Henry G.  
Thomas of Stowe says in regard to  
the matter: "It is reported to me  
that campers and fishermen at Caspian  
are using set lines, or night lines, and  
that many of them have out anywhere  
from one to a dozen of these lines.  
The cause of all the trouble has been  
from allowing the privilege of putting  
out one line from shore to take a fish  
for breakfast and by my writing a  
letter to Mr. Fowler that I would not  
consider this a crime, but it has been  
spread about the lake and the priv-  
ilege abused, therefore, I have notified  
every warden to warn all campers  
that this would not be allowed and  
after such notice anyone using a  
night line will be prosecuted accord-  
ing to law. If people have got to the  
point where they must abuse every  
privilege, then it is time to stop this  
kind of work." It is reported that  
one poacher, one Fountain, at Wil-  
loughby, has already been taken and  
charges made against him; and  
that other arrests are liable to follow.

## Retail Merchants Organize.

The first meeting of the Orleans  
County Retail Merchants' association  
was held at the Newport house Thurs-  
day, June 27, at 3 p. m.

Elisha Lane of Newport, county  
chairman, opened the meeting and  
introduced Elisha Winter of Boston,  
New England organizer of the Retail  
Merchants' association. Mr. Winter  
outlined the work of the meeting of  
the state organization, held at Bar-  
lington, April 23 and 24. After Mr.  
Winter's remarks a general discussion  
followed by the merchants present,  
the topic being the inroads made by  
the mail order houses upon the trade  
of the country merchants; that al-  
though more business was being done,  
the trade of the country storekeeper  
did not increase in proportion. It  
was, however, thought that the con-  
dition of the country storekeeper was  
still secure, and that nothing alarming  
was in sight but what could be suc-  
cessfully met by mutual co-operation.

The chairman spoke very strongly  
in favor of the organization. On mo-  
tion of J. B. Holton of Charleston,  
who was seconded, the whole assem-  
blage endorsed the work done by the  
state organization at its convention.  
The National Bankruptcy act was dis-  
cussed, and an amendment to it was  
favored by the organization.

Forty merchants of the county are  
now members of the organization.  
Twenty-five were present. There are  
now ten counties in the state which  
are organized. The association  
formed at Newport will be called the  
Orleans County Retail Merchants  
association. The national convention  
meets at Boston in May next year.  
Below are the officers for Orleans  
county:

County chairman, Elisha Lane,  
Newport; secretary, Carroll Hunting-  
ton, Newport. County committee—

## STATE NEWS.

## \$6,000 Damage.

The \$12,000 damage suit of Frank J.  
Hubbard vs. the Rutland railroad com-  
pany has come to an end, with a  
\$6,000 verdict for the plaintiff.

Destroys  
Hair Germs

Recent discoveries have shown  
that falling hair is caused by  
germs at the roots of the hair.  
Therefore, to stop falling hair,  
you must first completely de-  
stroy these germs. Ayer's Hair  
Vigor, new improved formula,  
will certainly do this. Then  
leave the rest to nature.

Does not change the color of the hair.

Formula with each bottle  
Show it to your  
doctor  
Ask him about it,  
then do as he says

Recent discoveries have also proved that  
dandruff is caused by germs on the scalp.  
Therefore, to cure dandruff, the first thing  
to do is to completely destroy these dan-  
druff germs. Here, the same Ayer's Hair  
Vigor will give the same splendid results.  
—Made by the J. C. Ayer Co., Lowell, Mass.—

## Embezzled \$325.

The case of the State vs. E. M.  
Seaver, town treasurer of Washing-  
ton, in Orange county court was  
brought to a close last week when  
Seaver pleaded guilty and was sen-  
tenced not less than three nor more  
than four years in state's prison.

## Baby Weighs 2 1-4 Pounds.

Two and one-quarter pounds is the  
weight of the son just born to Mr. and  
Mrs. Patrick Glynn of Montpelier.  
His mother's wedding ring can be  
slipped on his arm as far as the elbow.  
The child is healthy and vigorous, and  
the doctor says he has as good pros-  
pects of being president as any  
youngster of his age.

## Fined \$40 for False Label.

The case State vs. Geo. B. Arnold  
tried in Windsor county court last  
week resulted in a \$40 fine and costs  
being imposed upon the defendant  
for selling fertilizer which did not  
contain the amount of fertilizing  
qualities the label claimed, in viola-  
tion of the law passed in 1902 requir-  
ing all fertilizers sold in the state to  
be labeled with the percentage of  
various compositions contained in the  
fertilizer.

## Bell and Staff Take Outing.

Mr. and Mrs. Charles T. Walter en-  
tertained ex-Gov. C. J. Bell, his family  
and members of Governor Bell's staff  
and their families at "Riverice,"  
their home in Lyndon, from Friday  
afternoon until Monday morning, July  
1. Saturday the party went to New-  
port for an all-day sail on Lake Mem-  
phremagog. This is the first reunion  
of Governor Bell's official family. Mr.  
Walter was Governor Bell's secretary  
at civil and military affairs.

## Lively Moxie.

The "Moxie" which States Attorney  
Benjamin Gates received at the en-  
trance gate of Laticity park June 22,  
which was suspected of containing  
whiskey, was found to be composed  
of 10.95 per cent alcohol, the exam-  
ination being made at the state  
laboratory in Burlington. Nelson  
Kennison, who said the drink, was  
arrested. He pleaded guilty to sell-  
ing but said he didn't intend to break  
the law. The judge upbraided him  
severely and fined him \$300 and costs  
of \$5.60.

## Bostonians to Visit Vermont.

Plans have been completed by the  
Vermont association of Boston for a  
pilgrimage to the Green Mountains  
late in August, with an excursion on  
Lake Champlain. A big delegation is  
expected. Charles H. Bradley is  
chairman of the entertainment com-  
mittee. The party will leave Boston  
on the morning of August 15 in a spe-  
cial Pullman train. The next day they  
will take the steamer Chateaugay for  
a sail among the islands, arriving at  
Keeler's bay, South Hero, for dinner,  
to be provided by the Ladies' Aid so-  
ciety. A band will be taken along for  
music and the party will arrive in Bur-  
lington early in the evening. Among  
the guests will be Governor Proctor,  
Lieutenant-Governor Prouty, Sena-  
tors Proctor and Dillingham, Con-  
gressmen Foster and Haskins, Mayor  
Bigelow of Burlington and other  
prominent officials.

## PAIN

Pain in the head—pain anywhere, has its cause  
Pain is congestion, pain is blood pressure—nothing  
else usually. At least, so says Dr. Shoop, and to  
prove it he has created a little pink tablet. That  
tablet—called Dr. Shoop's Headache Tablet—  
coaxes blood pressure away from pain centers.  
Its effect is charming, pleasantly delightful. Gently  
though safely, it surely equalizes the blood cir-  
culation.

If you have a headache, it's blood pressure.  
If it's painful periods with women, same cause.  
If you are sleepless, restless, nervous, it's blood  
congestion—blood pressure. That surely is a  
cure, for Dr. Shoop's Headache Tablets stop  
it in 20 minutes, and the tablets simply distribute  
the unnatural blood pressure.  
Bruise your finger, and doesn't it get red, and  
swell, and pain you? Of course it does. It's con-  
gestion, blood pressure. You'll find it where pain  
is—always. It's simply Common Sense.  
We sell at 25 cents, and cheerfully recommend
